

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

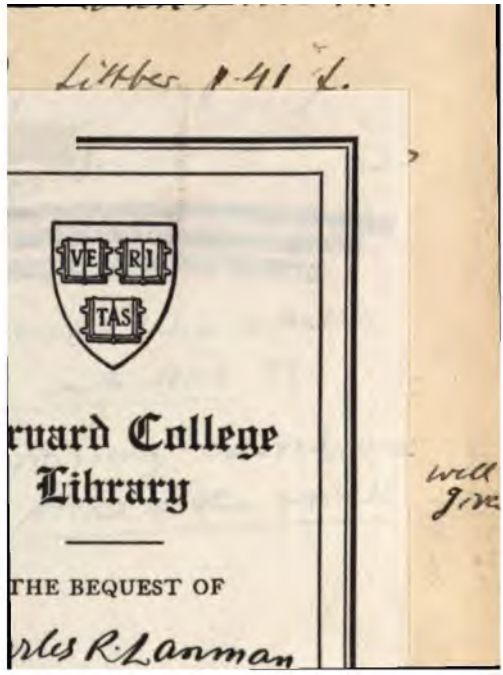

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

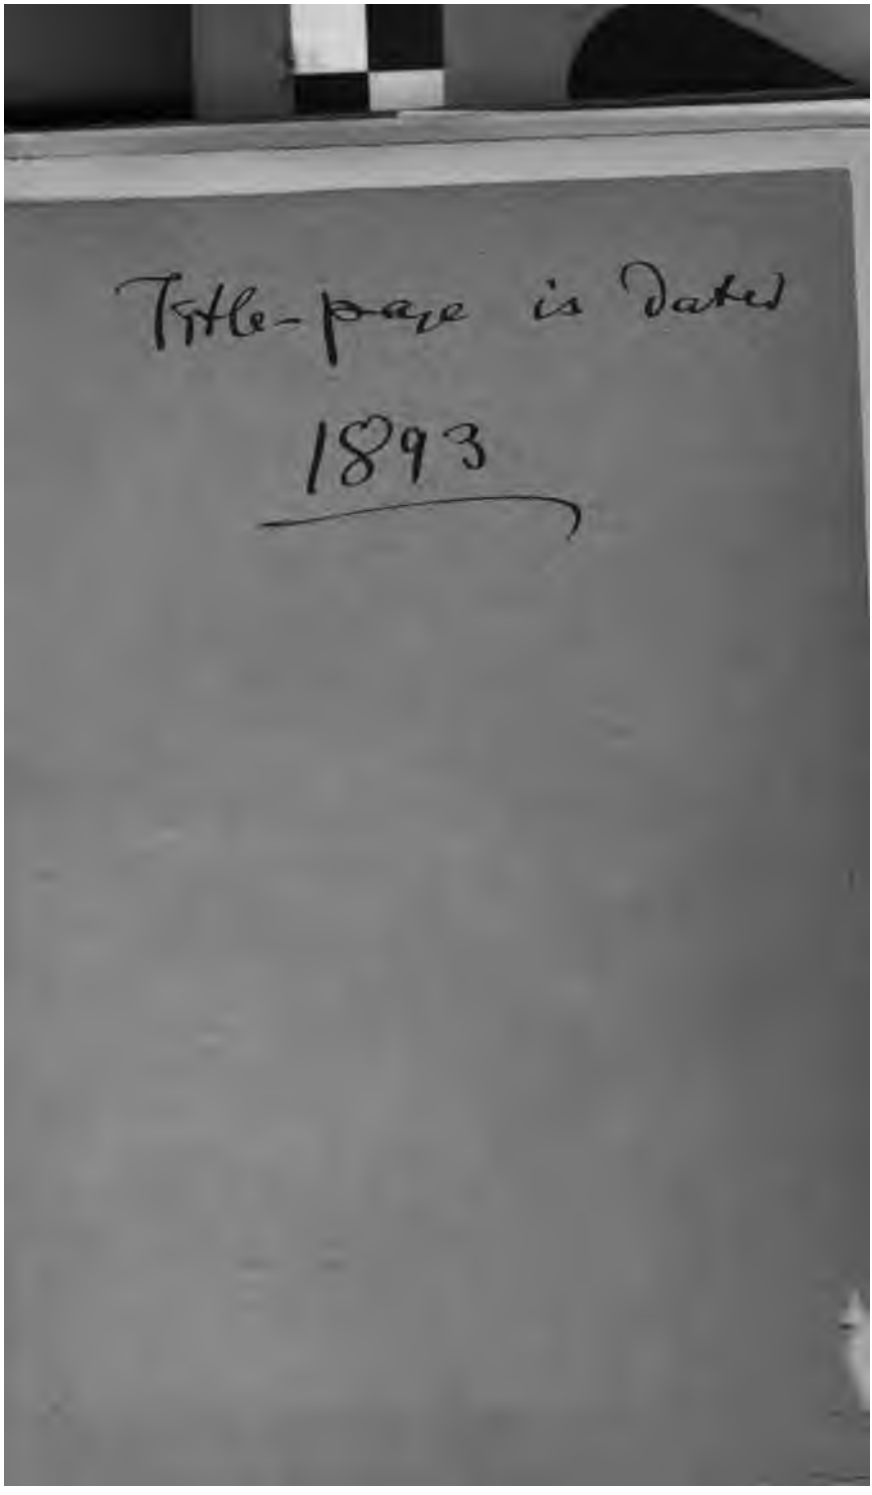

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

MESSRS. MACMILLAN & CO.'S BOOKS FOR INDIA.

THE GOLDEN BOOK OF INDIA.

A Genealogical and Biographical Dictionary of the Ruling Princes, Chiefs, Nobles, and other Personages, titled or decorated, of the Indian Empire.

By SIR ROPER LETHBRIDGE, K.C.I.E.

Royal 8vo, cloth, 40*s*.

The Times.—"No publication corresponding to our own *Peerages* and so forth, or to the *Almanach de Gotha*, has ever yet been devoted to the authentic record of Indian titles of honour. Sir Roper Lethbridge has laudably undertaken to supply this want by his elaborate volume of genealogical and biographical reference entitled, 'THE GOLDEN BOOK OF INDIA.' . . . It is probably destined to take rank as the recognised 'Peerage' of India. . . . Sir Roper Lethbridge's very laborious compilation may be recommended as a valuable and instructive book of reference."

BOOKS BY RUDYARD KIPLING.

MANY INVENTIONS. By RUDYARD KIPLING. Crown 8vo, 6*s*.

Times.—"Mr. Kipling's volume is fully equal to anything he has done. Exhibiting unimpaired all his characteristic excellences, it is remarkable for a wider choice of topic. This may fairly be taken as a sign of ripening powers."

Saturday Review.—"The stories are full of life, vigour, and directness. They hold the attention, and dwell in the memory. There is an immense deal of humour, any quantity of good sense and discernment."

PLAIN TALES FROM THE HILLS. Third Edition. Crown 8vo, 6*s*.

Saturday Review.—"Mr. Kipling knows and appreciates the English in India, and is a born story-teller and a man of humour into the bargain. . . . It would be hard to find better reading."

THE LIGHT THAT FAILED. Re-written and considerably enlarged. Crown 8vo, 6*s*.

Academy.—"Whatever else be true of Mr. Kipling, it is the first truth about him that he has power, real intrinsic power. . . . Mr. Kipling's work has innumerable good qualities."

LIFE'S HANDICAP. Being Stories of Mine Own People. Crown 8vo, 6*s*.

Observer.—"The stories are as good as ever, and are quite as well told. . . . 'Life's Handicap' is a volume that can be read with pleasure and interest under almost any circumstances."

MACMILLAN'S COLONIAL LIBRARY

OF COPYRIGHT BOOKS

FOR CIRCULATION ONLY IN INDIA AND THE COLONIES.

159. **MISS STUART'S LEGACY.** By MRS. F. A. STEEL.

Saturday Review.—"It throbs with the vigour of real creative power."

Spectator.—"It is remarkably clever; it is written in a style which has ease, dignity, grace, and quick responsiveness to the demands of the theme; it has passages of arresting power and fine reticent pathos: and it displays a quick eye for character and a power of depicting it with both force and subtlety."

Athenæum.—"What she knows really is 'knowledge' well assimilated, therefore never heavy, obtrusive, nor out of place. . . . The descriptions of place and atmospheric effect are striking and unlaboured. The author obliges us to see with her eyes in a very few words."

Scotsman.—"One of the best Anglo-Indian novels ever written."

160 **REMINISCENCES OF THE GREAT MUTINY, 1857-8-9.** Including the Relief, Siege, and Capture of Lucknow, and the Campaigns in Rohilcund and Oudę. By WILLIAM FORBES MITCHELL, late Sergeant 93rd Sutherland Highlanders.

The "Whitehall Edition" of

The Works of William Shakespeare.

EDITED from the Original Texts by H. ARTHUR DOUBLEDAY, with the assistance of T. GREGORY FOSTER and ROBERT ELSON.

This Edition of Shakespeare's Works will be completed in 12 volumes, each of which will be sold separately.

The special features to which the publishers would call attention are the TYPE, which is large enough to be read with comfort by all; the NUMBERING of the LINES, for convenience of reference; the ARRANGEMENT of the PLAYS in chronological order; and the GLOSSARY which is given at the end of each play. The text has been carefully edited from the original editions, and follows as nearly as possible that of the Folio of 1623. A few notes recording the emendations of modern Editors that have been adopted are printed at the end of each play.

The volumes are handsomely bound in buckram and in cloth, 5*s*. per volume. Also in half-parchment, gilt top, 6*s*. per volume.

The first volume contains a complete Alphabetical Index of all Shakespeare's Characters.

BY J. F. HEWITT. With a Map. Demy 8vo.

*** This work traces all forms of National Government to the primæval Village Communities of the forest races of Southern India; and shows how these Southern farmers and the Northern hunting and pastoral tribes and fire-worshipping handicraftsmen met in Asia Minor, the second cradle of the civilized races. It derives their history up to their union, and afterwards, when they dispersed through Europe and Asia as corn and fruit growers, from tribal and local customs and institutions, religious and historical myths, ritualistic observances and symbols and linguistic changes, and shows the great historical importance of local botany and zoology in indicating the story of the rise to power and rule of the imperial races of the early world, the Kushika and Maghadas of India and the Semite Kushites who made Assyria and Egypt the centres of civilization.
